#### SUMMARY

Ulovka Army Barracks is located approximately 32 kilometers (km) east of Pechenga (Figure 1) in an isolated, glaciated region.

The installation covers approximately 400 acres (including a personnel training area) and contains 12 barracks, 4 administration buildings, 35 support buildings, 15 warehouses, 3 vehicle sheds, and 1 vehicle repair shed (Figures 2 and 3). A cordonment area containing

86 tent bases is across the river from the barracks.

The facility probably lends support to the SAM site located approximately 3 kilometers southwest and to several nearby seasonal artillery training areas.

KEYHOLE missions of interpretable photography cover the area during
